FROM: Gene Rehfield, P.E. 
Design Standards Engineer

SUBJECT: Preconstruction Manual

We are pleased to provide you with your 1995 Update to the Highway Preconstruction Manual. There have been additions and extensive revisions to most of the manual. The Update can be substituted for the current Preconstruction Manual with the following exception:

Photographs on Pages 11-12(9) through 11-12(15) were delayed in printing, so you are requested to retain the current Pages 11-12(8) through 11-12(14) for use in the 1995 Preconstruction Manual. Reprinted pages will be mailed to you as an insert to the manual when they are available.

Comments, suggestions for revisions or questions can be directed to me at the following address:
